

An Authentic Science Experience for Secondary School Students

*“An experience that you wouldn’t get elsewhere; it was challenging, exciting and different.”
Amilia Hamer (Student participant)*

www.coecxs.org

**An authentic science experience
for secondary students**

**Students doing real scientific
research**

**Working with active professional
Scientists**

**Highlighting scientific
contribution**

**Projects aligned with VELS and
IBMYP curricula**

**Promoting enquiry to create
enduring knowledge**
